14 June 1954

MEMORANDUM FOR: Colonel White

CONFIDENTIAL

Attached is the agenda for the meeting of the CIA Career Service Board to be held Tuesday afternoon, 15 June 1954. Other than the minutes of the last meeting, the agenda comprises only two pieces of paper:

1. Proposed Regulation No. [REDACTED] which sets up the new CIA Career Council and also formally establishes the various career services which take the place of the career designations. In view of the fact that you made a number of pencil notations on the copy of this proposed Regulation which was transmitted with last week's agenda, I have detached same and have appended it to this week's agenda.

2. Memorandum from Kirkpatrick to the Director of Central Intelligence, transmitting the proposed CIA Regulation on the Career Staff (Regulation No. [REDACTED]; also a one-page statement from Kirkpatrick indicating the wording of the change in this Regulation which was approved at last week's Board meeting. The effect of this change is simply to provide that the cases of all personnel will be reviewed by an examining panel before they are certified for membership in the CIA Career Staff.
